Every Detail Meeting Your
Expectations”**

TESTIMONIALS

“Sergio is very responsive, reliable, fair and trustworthy. We used him for both a very large project (~8000 SF of new drywall) as well as a number of small projects following the major one (e.g. garage drywall patching, etc.) Sergio's crew was high quality, professional, fast, and reliable. Sergio was always easy to reach, and an overall friendly person. Would highly recommend him and his crew to anyone looking for....” - Nancy B

“Sergio Raygoza and El Molino Drywall did an excellent job on my home. I highly recommend them for your drywall work.”
-Joseph Lepera

I'm a contractor and have used him or referred him to other clients with nothing but praise. Recently I had them Frame, rock and plaster a wall in a reception area. All was accomplished in 2 days during business hours. No mess. No dust. Everything was protected and respectfully accomplished on time and on budget and the client was amazed. Not even a film of dust left anywhere. Attention to detail, quality work and cleanliness.

You will not be disappointed!”
-Mark Anderson
